Graduation Speech

Welcome to our graduation of 2019. I came here my junior year and I was nervous not knowing what a wonderful school this was and how helpful the teachers and staff were to me. I'm glad I came because I met my awesome classmates and I just want to thank them for pushing me and to keep going.

I want to thank Ms. Gonzalez especially for showing me around my first day and telling me to not be nervous, also thank you to Mr. Faison for putting quotes around the classroom it made my problems that I have go away. Ms. Jackson also for everything that you have done for me. Dr. Brahnam and Ms. Greenfield also for everything. Also Mr. Bloom thank you for pushing me and everything you have done for me. My family thank you for everything I know I'm a pain but never giving up on me.
