- ✓ Free School Supplies

Victory High School (VHS) is a community renaissance school, with the mission of creating an educational reform curriculum that fosters high academic achievement by providing a unique individual learning plan for all students. The VHS education focus is on mathematics, science, and technology.

Victory High School is a public charter school established by contract in 1995 with the Arizona State Board for Charter Schools. Charter schools provide unique alternative education and an additional choice for parents and students.

Victory High offers:

- Student-centered and individualized curriculum
- Emphasis on college preparatory and school-to-work programs
- Focus on community service with strong civic and corporate links
- Uniform dress code

Who Should Attend Victory High School?

A charter school is not for everyone. A charter school is for individuals who are seeking a quality public education in a small, tuition-free, private learning environment – whose parents are willing to actively support them in attaining a meaningful education.

A charter school best serves families who understand the personal commitment and sacrifice required, by parents and their children, to accomplish this goal.

Lifelong Learning for the 21st Century & Beyond

Victory's curriculum continuum is extensive and is designed to educate students who are below grade level, as well as, advanced students who are college-bound.

Faculty: Dr. Shirley Branham, longtime South Mountain Village educator and community advocate, leads the Victory High School team. The faculty includes instructors who have earned Bachelor, Master, and Doctorate-level degrees in Education and related disciplines.
